Notice

Add-on parts (excluding warranty parts) will be manufactured, crated and automatically shipped *freight collect* via *TForce Freight* only, within 5 working days from receipt of your acknowledgment. Specific rate quotes are not available. Approximate rates will range from $200-$750 (but possibly higher) depending on freight factors, number of pallets, weight and distance. The estimated time of arrival is 6-8 working days from the order confirmation date. TForce Freight, freight collect, is the only way you may receive items. Shipments to job sites, post office boxes or transfer companies are not available. Additional services (advance notification by telephone, setting delivery appointments, etc...) provided by the common carrier often incur additional charges. W. W. delivery is not available under any circumstance for express truck rush items.
